

16th Dutch Testing Day

Partner & Sponsorship Invitation

The 16th Dutch Testing Day is being held on the 4th of November in 2010. Collis is very pleased to organise the Dutch Testing Day this year.

The Dutch Testing Day will be held at the Naturalis Museum in Leiden where the Academic and Commercial worlds will come together to explore, debate and learn more about the theme of this conference: **Testing (Secure) Transaction Systems**.

Collis would like to invite you to become a Partner and sponsor this event which will provide an excellent platform for all people involved in Testing, Research and Development.

The Dutch Testing Day will give presenters, speakers, exhibitors and participants the opportunity to learn more about the latest information and technology, for branding and marketing as well as networking.

Please refer to the details on the following pages on how to become partner for the 16th Dutch Testing Day in 2010.
